

No One Outfoxes Hard Water Like Fox

WHAT CAN SOFT WATER DO FOR YOU? Soft water makes your life better. A water softener removes harmful minerals from your water system that cause itchy clothing, spotty dishes and that sticky film on your skin after showering.

A water softener also reduces the scale and buildup that occurs in your plumbing and appliances, leading to a longer operating life.

Why choose a Fox Water Softener? Simple. We know water softeners – in fact we build every unit ourselves! Plus, Fox Water Softeners offer more of the features you want:

- All Fox Water Softeners feature double-ply, corrosion proof, NSF approved mineral tanks.
- A single motor operates the entire control valve—with no solenoids, springs or switches to foul or fail.
- A single Teflon-coated piston pilots the entire regeneration process.
- Timed brining feature carefully measures brine—for precise economical salt usage.
- Easy-set, user-friendly controls.
- Salt tank has a double safety brine valve for foolproof overflow protection—and holds up to 300 lbs of salt.
- DP models feature simple, reliable meter activated regenerations for up to 50% savings on salt and water. Meter works even during power failure.
- Low-water control valve design reduces regeneration water usage.
- Fox Water's premium, high-capacity softening resin is exceptionally durable and FDA compliant.
- Attached single lever bypass valve.

Double-ply Polyglas resin tank, a strong polyethylene salt tank and our Noryl control valve design means durable, corrosion-proof construction throughout.

Fox Water's Noryl control valve incorporates design features that have been in service for over 30 years – now THAT'S time-tested reliability!

Fox Water Softener, Inc.
1017 North Sherman Avenue
Madison, Wisconsin 53704
608 244-6215

We build each and every Fox Water Softener ourselves, and we stand behind them with one of the best warranties you'll find anywhere (see below). That means we always have replacement parts on-hand, plus, our radio-dispatched fleet and highly-trained service technicians are ready to give you fast, efficient, professional service, should you ever need it.

Fox Water has been a part of Madison since 1953 and has serviced over 30,000 homes and businesses throughout southern Wisconsin. Our many years of experience in building, installing and maintaining water equipment backs up every unit we sell.

Feature for feature, Fox Water Softeners are your best value. No one outfoxes hard water like Fox!
